

Carla Hall

EBVN Quonset Point Site Lead

WHY DOES THE EB VETERANS NETWORK MATTER TO YOU?

THE EBVN IS IMPORTANT TO ME AS A VETERAN, BECAUSE IT UNITES VETERANS FROM ALL SERVICE BRANCHES WITHIN EB. WHEN OUR VETERANS RETURN HOME FROM THEIR SERVICE, THEY NEED RELIABLE EMPLOYMENT.

I AM PROUD TO WORK AT A COMPANY THAT VALUES OUR VETS AND THE SKILLS THEY BRING WITH THEM. WE ALL MISS THE CAMARADERIE OF SERVING WITH OUR BROTHERS AND SISTERS; I HOPE OTHER VETERANS LIKE MYSELF CAN FIND THEIR HOME HERE AT EB.

CARLA HALL

Who is Carla Hall?

Carla is a Rhode Island native who graduated from Pilgrim High School in Warwick, RI in 2007. After high school, Carla pursued a career with the United States Marine Corps; she served in a number of areas and was deployed to the Middle East. As a veteran, Carla decided to join the Electric Boat team in spring of 2017, beginning her career as a second shift pipe fitter in outfitting. Carla's hard work and leadership traits gained in the military served her well and earned her a promotion to the position of supervisor of D918, working pipe details and UK Kits in winter of 2018. Carla took part in the Deckplate Leader Development Program (DLDP) Pilot as a participant and continued to take on greater responsibility, including expanding her leadership over to D904 as the pipe pump packaging supervisor. Carla continued growing and expanding her knowledge until securing her current position as an Area Superintendent for D271, VPM Ship's Management organization. She enjoys playing ice hockey and loves animals and gardening with her spouse. Carla joined the EBVN to meet other likeminded veterans and to share experiences, as we all share a common bond. Semper Fi!

Why do you like working at Electric Boat?

I truly enjoy working at Electric Boat. What we do here is of course challenging, but it is very rewarding as well. Being a veteran and working at EB has allowed me to be home with my family while still supporting our country's needs. Our process is remarkable; from the beginning in manufacturing shops in QP, all the way through test in Groton, and everything in-between at all EB facilities. There are so many steps and people along the way that come together to build this product, and it's inspiring to be a part of something bigger than myself.

Why does the EB Veterans Network (EBVN) matter to you?

The EBVN is important to me as a veteran, because it unites veterans from all service branches within EB. When our veterans return home from their service, they need reliable employment. I am proud to work at a company that values our vets and the skills they bring with them. We all miss the camaraderie of serving with our brothers and sisters; I hope other veterans like myself can find their home here at EB. Being a part of the veterans network is important to me for everything it has been and everything it will grow to be.
