

Christina “Sarge” Green

EBVN Groton Site Lead

Who is Christina Green?

My name is Christina “Sarge” Green, and I’m the Administrator for Cathy White, Director of Talent Acquisition and Organization Development and the Process Engineering Organizations here at Electric Boat. I come from a long line of EB employees – my mom was a tin knocker during WWII; my dad a carpenter/painter until the early 1970s; my son, Greg, a five-year employee; and my uncle, Samuel Grills, the longest-serving employee at EB with almost 65 years of service.

I joined Electric Boat in 1986 after serving in the U.S. Army for six years as an Administrative Specialist. After attending Basic Training in Fort Jackson, SC, I served as the Company Clerk (think Radar O’Reilly) for Silas B. Army Hospital in Fort Ord, CA. I then transferred to 66th Military Intelligence Group, McGraw Kaserne, in Munich Germany before going on to the Defense Language Institute-Foreign Language Center, Presidio of Monterey, in California. I especially enjoyed my time at the Presidio where I served in the Battalion-level supporting six companies across the Army (three companies), Navy (one company), Air Force (one company) and Marine Corp (one company).

Why do you like working at Electric Boat?

During my almost 35 years here, I have met many employees who love to share stories of their family members who have worked here in the past or are currently here today. It is truly a small world. I'm proud to be a second generation EB employee and to be able to walk the same pathways as my mom did in World War II, and as my dad and uncles did until the 1970s and 1980s. My son is now a third generation EB employee.

Why does the EB Veterans Network (EBVN) matter to you?

I am proud to be a part of the EB Veteran's Network. It's an opportunity to bring the company's veterans and veteran support groups together, such as EB's Troop Support group run by William Dodge. Troop Support is a grassroots organization that started off as a crockpot of hotdogs at William's desk, which has morphed into a wonderful group of veterans and non-veterans alike who have mailed over 10,000 care packages to our EB military employees currently serving overseas.
