

A Look Back on Veterans' Day 2021

Why and How to Get Involved With Your Department's **Continuous** Improvement Effort

Why? What's in it for me?

- Your job can become **Safer / Easier** – reducing aggravation and addressing pet peeves
- Help your crew and your department achieve their goals
- You can contribute to **your** company's success
- Personal satisfaction through mastery and leaving the process better for the next person
- Opportunity to collaborate with peers and supporting departments

How? How do I Successfully Participate?

- Challenge the Status Quo and ask yourself ***“Why is the job done that way?”***
- Do not accept the answer ***“That’s how we always do it”***
- Learn to identify the 8 Types of Waste and defeat them!
- Generate new ideas that can make your job safer, improve 1st time quality, schedule, or cost
- Lead the implementation of at least one of your ideas per year?????
- Submit your idea through your Supervisor to get buy-in and to help get it documented

Together
Everyone
Achieves
More

- Identify whether there is an opportunity to improve the process you are working with regards to:
- Make the job **Safer**
- Improve 1st time **Quality**
- Shorten job **Span**
- Reduce **Cost**

- Talk to your Supervisor to discuss the idea's potential and benefits
- If it's within the team's control, develop an action plan to get the resources needed
- If the idea requires additional support, talk to the team Area Management to help coordinate other depts.

- Commit to a timeframe and team to implement
- Determine where else this can be shared to help other crews in or outside the department
- Ask your management team if this would be a good PI to present at one of the upcoming PI Shows to share with a larger audience!

Have a process improvement idea, or simply just want a board to bounce ideas off? Discuss your idea with your Supervisor. If additional resources are required for implementation, your Supervisor can contact **Process Engineering for direction / support.**

New COVID Vaccination Clinics Added – 1st, 2nd, and Booster

Who – Anyone (employees or vendors not yet vaccinated or fully vaccinated, or require a booster)

When – November 24, 2021

Where – B537 (old Warehouse 6)

How – Pre-register ASAP at the link below—PICK CAREFULLY

7:30 am to 4:00 pm

6:30 am (every other Wednesday)

EB Weekly Safety Briefing Wk- 45
11/14/21 – 11/20/21

Did you know? The top volume on an iPhone or similar device can be 102 decibels or louder. That's as loud or louder than a leaf blower!

Subjecting yourself to or ignoring loud noise could contribute to irreversible hearing loss!

GENERAL DYNAMICS
Electric Boat

EBP 02852: Electric Boat Corporation has established Occupational Health and Safety as the Company's Number One Priority.

Hearing loss could cause you to miss out on many things in life outside of work! Protect your hearing at all times!

Submit proof of vaccination to: ProofOfCovidVaccination@gdeb.com
